Update

Notice of Unit Retain Revolver Payment

Pre-Harvest Meeting Reminder

Via: text

Dear Grower,

On Friday, August 14, 2026, we will be making our first Unit Retain Revolver Payment. The payment should go into your accounts that afternoon, and if you are not set up with EFT the checks will be mailed by Monday, August 17, 2026. The amount of the revolver is $1.00 per net ton. You can view your individual Unit Retain ledger in AgTrack by logging into the Shareholder section on the dashboard and clicking on the "STATEMENT OF SHAREHOLDER EQUITY" tab.

Unit Retains are revolved by class (we only have one class – Qualified Unit Retains) on a first accrued, first paid basis. This revolver will be paid for a portion of those Qualified Unit Retains accrued in 2018. If you did not deliver a crop in 2018 or were not a Member of the Cooperative then you will not receive a revolver payment.

Because this revolver is for Qualified Unit Retains there is no income tax liability associated with the payment.

The following is a summary of the Company's history of Unit Retans Issued:

CROP YEAR	DATE	TYPE	$/PER NET
2018	12/15/2018	Qualified	$6.00
2019	12/24/2019	Qualified	$2.00
2020	12/10/2020	Qualified	$2.00
2021	12/31/2021	Qualified	$1.00

We are still waiting for the Grant funds from the USDA for Economic Assistance to be deposited in our account. They should be here next week. Our team will work to distribute the funds within 72 hours of our receipt.

The pre-harvest meeting is August 27, 2026, beginning at 10:00 at the Worland Community Center Complex. Please make arrangement to join us. Once again, we will provide reports from our Company departments: Agriculture: Maintenance; and Processing. In addition, we will review the 2026 harvest plan, harvest protocols and answer questions. We will also review the early harvest policy and payment schedule. This is a very good meeting to get a full report on your Company and understand the general plan going into this year's harvest. Additionally, Celestino Ruiz, President and CEO of United Sugar Producers and Refiners will be joining us to discuss the sugar market and update you on the activities of USPR.

We have been blessed to have survived the Wyoming drought as well as we have, and to have weathered last year's dramatic downturn in the sugar market. There is lots of work ahead of us, there are a lot of reasons to be excited about the future of your company.

Respectfully,

Michael D. Greear
President & CEO
